About Us

OM Events is the marketing partner that every brand aspires for. OM Events is a 360 degree marketing solution hub for TV, Print, Radio, Public Relation & TVC & Radio Production for innovative branding and business promotion. OM Events does not limit its scope to a few marketing strategies, rather it innovates and comes up with exclusive marketing campaigns to aid in fulfilling your business aims. It designs impressive and influential TV, Print, Radio & Out Of Home advertising campaigns and BTL activations to give your brand maximum exposure and recognition, reaching to your target audience in the most attractive and praiseworthy manner.

At OM Events, we strive to rise above what has already been done to infinity. We understand your branding need, customer base and type of product or service that you offer, based on which we plan advertising campaigns which grab audience's eyes and minds, on account of uniqueness and novelty of the campaign.

We consider advertising as a dynamic and ever evolving process of communication between a company and its target customers. This fosters fresh ideas within the team of OM Events that is always in search of the incredible and determined to deliver the unimaginable. Our journey so far has been so enriching for us, and even more for the clients whom we worked for the TVC & Radio production. Our non-stereotypical ideas, imaginative strength and apt advertising campaigns have worked magically in making the brands reach incomparable heights with 360 degree approach.

Stall Fabrication & Designing

Outdoor And Indoor

Stall Fabrication

Stall fabrication offers numerous benefits that make it an appealing choice for various applications. One of the primary advantages is customization, allowing for tailored designs that meet specific needs while ensuring both functionality and aesthetic appeal. Additionally, fabricated stalls are built with durable materials, enhancing their lifespan and resistance to wear and tear. This customization also leads to space efficiency, as tailored designs can optimize available areas. Although initial costs may be higher, the durability of fabricated stalls reduces long-term maintenance and replacement expenses. Quick assembly of pre-fabricated components minimizes installation time and disruption, while improved safety features, such as proper ventilation and accessibility, enhance user experience. Furthermore, fabrication allows for unique designs that contribute to the overall aesthetic of a space, benefiting branding and customer engagement. Many processes also incorporate eco-friendly materials and practices, supporting environmental sustainability.
